November 10, 2015

Dear Members,

On behalf of the Allenstown Historical Society, I wish to thank you for your continued support of our activities. We have started construction of a garage/display building at Town Hall to protect the 1925 REO Speedwagon recently acquired. We hope that folks in the area will appreciate this vehicle because IT was the first school bus in Allenstown transporting pupils from 1925 till 1941. Children will see how things were some 90 years ago.

Sincerely,

Armand E. Verville
