Mr. Klawes said the Selectboard needs to appoint him to the ZBA as he did it as a one year appointment because they needed members on the Board. It was decided that he could be reappointed in June for 3 years.

- **Citizens' Comments (continued)**

Mr. Frascinella said the EDC decided last week that there will be three concerts this year. He said the first concert is on May 15th, they are having a new band called Cold Steel Ramblers and their fee is \$500. The next concert is on June 12th and will be BoneShakerz for a fee of \$325. He said the last concert is August 14th with Catfish Howl for \$350.

Mr. Frascinella said they are going to propose a town yard sale on May 21st and in April, he is going to ask permission from Eversource to reinstall the banners around town.

He said that he is going to look into having local businesses sponsor the concerts. He told Mr. Klawes that he has been trying to get ahold of the man who runs the food truck in Deerfield and was wondering if they could hire Mr. Klawes instead. Mr. Klawes said he would get back to him within a week but wants to let them know he no longer has insurance or a food service license.

Mr. Klawes made a Motion to approve the following bands: Cold Steel Ramblers, \$500 (May 15, 2022), BoneShakerz, \$325 (June 12, 2022), and Catfish Howl, \$350 (August 14, 2022) and a Town yardsale on May 21, 2022. Ms. McKenney seconded the Motion.

TOWN ADMINISTRATOR'S REPORT

Mr. Goodine said he needed signatures to appoint Ms. McKenney to the Central NH Planning Commission and payroll changes.

Mr. Arsenault said that the new school needs a Wetlands Permit from DES and there is a form that requires a signature. The form indicates that the local governing body (in place of a Conservation Commission) has reviewed the Application and the Municipality waives its rights to intervene pursuant to RSA 482-A:11.

He said that they do not have to move any wetlands for the construction of the school.

Ms. Higham asked where is the impacted 1250 sq. that they are looking for relief from. Mr. Arsenault responded that he did not know.

Chair McDonald said that area is a wildlife sanctuary and he has seen turtles, cranes and all sorts of other birds.

Mr. Goodine said he thinks the 1250 sq. feet is where the parking areas are located. Mr. Arsenault reached out to the designer to discuss.

Ms. McKenney made a Motion to authorize Mr. Arsenault to sign the application. Mr. Klawes seconded the Motion.

The Motion passed 3-2.

Chair McDonald said they could reach out to the engineers to get photographs of exactly what they are doing. Ms. Higham said that she doesn't want to sign something that she knows nothing about. Mr. Klawes said they are only authorizing Mr. Arsenault to sign the application and then DES still needs to come and do their due diligence.

Mr. Arsenault said there are professionals that have come into review the application and they are comfortable with the 1250 sq. ft. and if the State has issues, they will work with the designer for the school. Mr. Arsenault asked if they wanted to lose two weeks of the process because they did not execute the document. Mr. Klawes thinks it is immaterial to know where the wetland is because there are state agencies that will say yes or no and he is worried that this delay will set the schedule back.

Mr. Arsenault was able to get the designer, Erin Lambert, on the phone. She is the Civil Engineer working on the project and prepared the Application. She said that if you are looking at the building, there is a triangular landscaped area off to the left near where the parking is. She said in that landscaped area is where it is located.

Chair McDonald asked if there is standing water in it, or just in the Spring. She said it doesn't have water in it but it is classified as a wetland, not a vernal pool, but they will be doing a vernal pool study which is required by DES. She said they worked hard to avoid it but they couldn't do it.

Chair McDonald asked if everyone was satisfied with moving forward and the Board was in agreement.

Mr. Goodine said that they need to create a job description for the new assistant position but he would like to keep Dawna Baxter on.

Ms. McKenney made a Motion to extend Dawna Baxter's employment for an additional 90 days. Mr. Klawes seconded the Motion.

Mr. Goodine said he has been having trouble with cameras at the youth center and he is looking to purchase new cameras for the price of \$1,061.

He said every department will need to spend \$300-\$400 because all of their fire alarm panels that have cell phones will need to be upgraded to 4G or 5G.

Mr. Goodine said with regard to that Deerfield Road fence they have discussed at previous meetings, they are awaiting a survey from the resident.

He provided the Gatsus report to the Board as well as a letter from a resident regarding Riverside Drive which has potholes.

Mr. Goodine said the Route 28 bridge work is supposed to start in April and he is waiting to find out what was discussed at the public hearing. Mr. Arsenault said when they get a more solid schedule, they will share it with the Selectboard.

Ms. McKenney questioned a bill on 10/15 with regard to the Library and asked why the Selectboard retains their money when they pay their own bills. Mr. Goodine said he does not have the answer, but believes it may have something to do with insurance. Mr. Klawes said this should be looked into. Mr. Goodine said he would find this information out.
