INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Allentown
Allentown, New Hampshire

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and aggregate remaining fund information of the Town of Allentown as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Adverse
Business-type Activities	Adverse
Major General Fund	Unmodified
Major Proprietary Fund (Sewer Department)	Adverse
Aggregate Remaining Fund Information	Unmodified

Basis for Adverse Opinion on Governmental Activities, Business-type Activities, and Major Proprietary Fund

As discussed in Note 1-B to the financial statements, management has not recorded all of the capital assets and related accumulated depreciation in the governmental activities, business-type activities, and major proprietary fund, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets including infrastructure, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities, business-type activities, and major proprietary fund. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities, business-type activities, and major proprietary fund is not reasonably determinable.

*Town of Allenstown
Independent Auditor's Report*

Adverse Opinion

In our opinion, because of the significance of the matter described in the “Basis for Adverse Opinion on Governmental Activities, Business-type Activities, and Major Proprietary Fund” paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide and proprietary fund financial statements of the Town of Allenstown, as of December 31, 2018, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major general fund and aggregate remaining fund information of the Town of Allenstown as of December 31, 2018, and the respective changes in financial position and the respective budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2-C to the financial statements, in fiscal year 2018 the Town adopted new accounting guidance Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinions are not modified with respect to this matter.

Other Matters

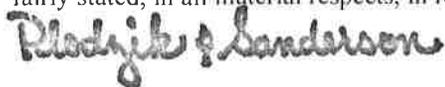

Required Supplementary Information – Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

- Management’s Discussion and Analysis,
- Schedule of the Town’s Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town’s Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits,
- Schedule of Changes in the Town’s Total Other Postemployment Benefits Liability and Related Ratios, and
- Notes to the Required Supplementary Information

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information – Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Allenstown’s basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

October 11, 2019

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

Our discussion and analysis of the Town of Allenstown's financial performance provides an overview of the Town's financial activities for the year ended December 31, 2018. Please read it in conjunction with the Town's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

The Town's total net position was \$12,416,311, an increase of \$954,716 from the prior year balance. This total is comprised of: \$6,371,892 from Governmental Activities and \$6,044,419 from Business-Type (Sewer) Activities.

- Capital assets, net of depreciation for the Governmental Activities were \$6,266,476, an increase of \$54,018 from the prior year. Capital assets, net of depreciation for the Business-Type Activities were \$3,829,186, a decrease of \$59,312 from the prior year. Depreciation expense for 2018 was \$259,879 for the Governmental Activities and \$205,648 for the Business-Type Activities. Depreciation expense does not include roadway infrastructure or the sewer collection system.
- The total long-term obligations for the Town Governmental Activities were \$3,284,088, and \$754,086 for Business-Type Activities. The long term obligations include capital leases, compensated absences, other postemployment benefits, accrued landfill post closure care costs, and the net pension liability.
- The unassigned fund balance of the General Fund was \$2,045,003.

The Town of Allenstown implemented Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during fiscal year 2018. The beginning net position for Governmental Activities was restated by (\$211,024) for the OPEB provided by NHRS and (\$21,653) for the Town's local OPEB plan to retroactively report the increase in the net OPEB liability as of July 1, 2017. The beginning net position for Business-Type Activities was restated by (\$5,469) for the OPEB provided by NHRS and (\$50,405) for the Town's local OPEB plan to retroactively report the increase in the net OPEB liability as of July 1, 2017.

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements consist of two types of statements:

Government-Wide Financial Statements

The Statement of Net Position, page 9 and the Statement of Activities, page 10 are designed to report the Town's financial activities in a manner similar to private-sector companies. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, thereby reporting all current year revenue and expenses regardless of when cash is paid or received. These two statements report the Town's net position and changes in them. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the Town is improving or deteriorating.

- **Governmental Activities** - Most of the Town's basic services are reported in this section. These include general government, law enforcement, emergency medical services, fire protection, public works, sanitation, health and welfare, culture and recreation, and capital outlay. These activities are supported primarily by property taxes, motor vehicle fees, intergovernmental revenues, charges for service, and other miscellaneous revenues.
- **Business-Type Activities** – The Town charges a user fee to customers to cover all, or most of the cost of certain services provided. The Town's Sewer Department operations are reported here.

Fund Financial Statements

The fund financial statements begin on page 11 and provide information on the Town's most significant funds; not the Town as a whole. A fund is a grouping of accounts, each of which is considered a separate accounting entity. The following fund types are utilized by the Town:

- **Governmental Funds**: This fund type is used to account for the Town's basic services such as general government, law enforcement, fire protection, public works, culture, recreation, health, welfare, and capital outlay. These activities are supported primarily by property taxes, motor vehicle permits, and intergovernmental revenues. Unlike the government-wide financial statements, these funds are reported using an accounting method called, Modified Accrual Accounting. This method of accounting measures cash and all other financial assets that can readily be converted to cash.

The governmental fund financial statements provide a short-term view of the Town's general government operations. It is useful to compare this information to similar information on the government-wide financial statements to gain a better understanding of the long-term impact of the Town's near term financial decisions.

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

- Proprietary Funds: These funds are commonly referred to as Enterprise Funds. Proprietary Funds are comprised of the Sewer Department Fund.

- Fiduciary Funds: Fiduciary funds account for assets held by the Town as a trustee or agent for individual, groups, private organizations, or other units of government. These funds are not reflected in the government-wide financial statements, because these assets are unavailable to finance the Town's operation.

Notes to the Financial Statements

The notes to the Financial Statements provide additional information that is essential to overall comprehension of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS:

Statement of Net Position

The Statement of Net Position, is presented on page 9 of the financial statements.

- Net investment in Capital Assets: The Town has recorded its inventory in capital assets such as land, buildings, equipment and the wastewater treatment facility. Infrastructure such as roadways, wastewater collection system and storm water collection system have not been inventoried and amortized in accordance with GASB 34. The Town has recorded its inventory in capital assets for the Business-Type Activities such as land, buildings, equipment, and system infrastructure (pipes including installation costs, etc.), net of accumulated depreciation, and the related debt obligations.

- Restricted Net Position: Approximately .25% of the Town's Governmental Activities' net position are the Town's permanent funds, Library Funds and Drug Forfeiture Funds which represent resources that are subject to external restrictions on how they may be used.

- Unrestricted Net Position: The Town's unrestricted net position may be used to meet the Town's ongoing obligations.

- Total Net Position: The Town is reporting a positive net position in its Governmental Activities and Business-Type Activities.

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

Statement of Activities – Presented on page 10 of the financial statements.

Governmental Activities

➤ Revenues: Revenues are classified as either Program or General.

Program revenues are targeted to directly offset expenses. In 2018, program revenues consisted of Charges for Services (\$81,956), and operating grants and contributions of (\$95,019), which accounted for 2.0% and 2.3% respectively, of total revenue

General revenues, are revenues not specifically targeted for an activity. These are further divided as follows:

Governmental Revenue Chart:

Taxes:		
Property	2,763,971	70%
Other	105,889	3%
Motor Vehicle Permit Fees	751,578	19%
Licenses & other Fees	34,420	1%
Grants & other contributions	229,416	6%
Miscellaneous	63,205	1%
TOTAL GENERAL REVENUES	3,948,479	

➤ Expenses: Expenses are classified by major governmental function or program and are offset by related program income. Depreciation has been recorded for 2018 by function and/or program as seen in Note 7 of the notes to financial statements.

Following are expenses by category along with percentage of total expenditures:

Governmental Expenses Chart

General Government	-642,236	20%
Public Safety	-1,622,009	51%
Highways & Streets	-473,312	15%
Sanitation	-196,322	6%
Health & Welfare	-49,035	2%
Culture & Recreation	-185,214	6%
Interest – Long Term Debt	-801	< 1%
TOTALS	-3,168,929	

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

Business-Type (Sewer) Activities

➤ Revenues:

Program revenues for the Business-Type Activities, accounted for 99.1% of total program revenues for these activities. These are charges for service for Wastewater Treatment and Septage Haulers. The remaining .9% was from miscellaneous income.

➤ Expenses:

Expenses of the Business-Type Activities consist of operating expenses and depreciation expense for the Sewer Department Fund.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

- Governmental Funds: The fund financial statements are provided on pages 11-14. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balance of resources. This information is most useful in assessing financing requirements. For example, unassigned fund balance may serve as a measure of a government's net resources available at year end. The Town's General Fund is its largest Governmental Fund.

During the year, the Town recognized \$4,268,665 in revenues and other financing sources in the General Fund. The Town incurred \$3,985,276 in General Fund expenditures and other financing uses during the year.

The Town finished the year with the General Fund balance in the amount of \$2,690,897, an increase of \$283,389 from the prior year. Of the total fund balance, \$5,676 is Nonspendable; \$2,790 is Restricted; \$486,624 is Committed; and \$150,804 is Assigned, leaving an Unassigned Balance of \$2,045,003.

- Proprietary Funds: Proprietary funds (Sewer) provide the same type of information found in the Business-Type Activities reported in the government wide financial statements.

The Proprietary funds reported an overall change in net position of (\$1,809). Depreciation expense for 2018 was \$205,648.

TOWN OF ALLENSTOWN, NH

Management's Discussion and Analysis Calendar Year Ended December 31, 2018

BUDGETARY HIGHLIGHTS

The town budget was approved at Town Meeting for the year ending December 31, 2018. The operating budget for the general fund passed as \$3,962,560 and the operating budget for the sewer fund passed at \$2,246,561. Also included in the appropriations were the following Warrant Article additions to Capital Reserve Funds:

- \$10,000 added to the Fire Safety Equipment CRF
- \$ 6,817 added to the Library CRF
- \$50,000 added to the Public Safety Facilities CRF
- \$21,500 added to the Highway Equipment CRF
- \$22,000 added to the Highway Equipment CRF
- \$ 6,500 added to the Streetlight CRF
- \$ 6,750 added to the Landfill CRF

CAPITAL ASSETS

As shown in Note 7 on page 33 of the financial statements, the Town of Allenstown has \$6,266,476 from Governmental Activities and \$3,829,186 from Business-Type Activities invested in capital assets, including land, buildings, building improvements, machinery, equipment and vehicles. The Town has not recorded its infrastructure capital assets, including roadways, wastewater collection system, or storm water collection system in either the Governmental Activities or Business-Type Activities.

NON-CURRENT OBLIGATIONS

As shown in Note 12 on page 36 of the financial statements, the Town of Allenstown has long-term liabilities of \$3,284,088 in the Governmental Activities and \$754,086 in the Business-Type Activities. Long term obligations include capital leases, compensated absences, landfill site monitoring, other postemployment benefits, and the net pension liability.

REQUESTS FOR INFORMATION

This financial report was designed to provide a general overview of the Town of Allenstown's finances for any party with an interest in the government's finances. Questions related to this financial statement, or requests for additional information should be addressed to the following:

The notes to the basic financial statements are an integral part of this statement.

EXHIBIT C-2
TOWN OF ALLENSTOWN, NEW HAMPSHIRE
Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position
December 31, 2018

Amounts reported for governmental activities in the Statement of Net Position are different because:		
Total fund balances of governmental funds (Exhibit C-1)		\$ 2,771,558
Capital assets used in governmental activities are not current financial resources, therefore, are not reported in the governmental funds.		
Cost	\$ 9,380,129	
Less accumulated depreciation	<u>(3,113,653)</u>	
		6,266,476
Pension and other postemployment benefit (OPEB) related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year, and therefore, are not reported in the governmental funds as follows:		
Deferred outflows of resources related to pensions	\$ 471,633	
Deferred inflows of resources related to pensions	(88,201)	
Deferred outflows of resources related to OPEB	31,394	
Deferred inflows of resources related to OPEB	<u>(800)</u>	
		414,026
Interfund receivables and payables between governmental funds are eliminated on the Statement of Net Position.		
Receivables	\$ (51,051)	
Payables	<u>51,051</u>	
		-
Long-term revenue (taxes) is not available to pay current-period expenditures, and therefore, is deferred in the governmental funds.		260,927
Allowance for uncollectible property taxes that is recognized on a full accrual basis, but not on the modified accrual basis.		(50,000)
Interest on long-term debt is not accrued in governmental funds.		
Accrued interest payable		(7,007)
Long-term liabilities are not due and payable in the current period, therefore, are not reported in the governmental funds.		
Capital leases	\$ 242,398	
Compensated absences	78,336	
Accrued landfill postclosure care costs	157,500	
Net pension liability	2,409,034	
Other postemployment benefits	<u>396,820</u>	
		<u>(3,284,088)</u>
Net position of governmental activities (Exhibit A)		<u><u>\$ 6,371,892</u></u>

The notes to the basic financial statements are an integral part of this statement.

EXHIBIT C-4
TOWN OF ALLENSTOWN, NEW HAMPSHIRE
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances - Governmental Funds to the Statement of Activities
For the Fiscal Year Ended December 31, 2018

Net change in fund balances of governmental funds (Exhibit C-3)		\$ 265,575
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures, while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:		
Capitalized capital outlay	\$ 313,897	
Depreciation expense	<u>(259,879)</u>	54,018
Transfers in and out between governmental funds are eliminated on the Statement of Activities.		
Transfers in	\$ (23,097)	
Transfers out	<u>23,097</u>	-
Revenue in the Statement of Activities that does not provide current financial resources is not reported as revenue in the governmental funds.		
Change in deferred tax revenue		(9,915)
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		
Inception of capital leases	\$ (122,712)	
Repayment of capital leases	<u>216,145</u>	93,433
Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.		
Increase in accrued interest expense	\$ (801)	
Decrease in compensated absences	36,501	
Increase in accrued landfill postclosure care costs	(14,500)	
Net change in net pension liability and deferred outflows and inflows of resources related to pensions	372,162	
Net change in net other postemployment benefits liability and deferred outflows and inflows of resources related to other postemployment benefits	<u>160,052</u>	553,414
Changes in net position of governmental activities (Exhibit B)		<u>\$ 956,525</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Allenstown, New Hampshire (the Town), have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources.

In 2018, the Town implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which changed the way other postemployment benefit (OPEB) liabilities and related expenses are recorded. See Note 1-P for further information on this pronouncement.

The more significant of the Town's accounting policies are described below.

1-A Reporting Entity

The Town of Allenstown is a municipal corporation governed by an elected 3-member Board of Selectmen. In evaluating how to define the Town for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth by the GASB. The Town has no component units to include in its reporting entity.

1-B Basis of Accounting, and Measurement Focus

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-wide Financial Statements – The Town's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental and business-type activities for the Town accompanied by a total column. Fiduciary activities of the Town are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position, with the exception of the infrastructure capital assets and related accumulated depreciation, which have been partially omitted because they have not been inventoried at historical cost. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. As in the Statement of Net Position, the Town has not recorded depreciation expense related to its infrastructure assets in this statement. The types of transactions reported as program revenues for the Town are reported in two categories: 1) charges for services and 2) operating grants and contributions.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column.

Governmental Fund Financial Statements – Include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for the major governmental fund and nonmajor funds aggregated. An accompanying statement is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements. The Town has presented all major funds that met those qualifications.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, with the exception of reimbursement-based grants, which use a period of one year. Property

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

taxes, licenses and permits, intergovernmental revenue, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The Town reports the following major governmental fund:

General Fund – is the Town’s primary operating fund. The general fund accounts for all financial resources except those required to be accounted for in another fund. The primary revenue sources include property taxes, State grants and motor vehicle permit fees. The primary expenditures are for general government, public safety, highways and streets, sanitation, culture and recreation, and capital outlay. Under GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* guidance, the library and expendable trust funds are consolidated in the general fund.

Additionally, the Town reports the following fund types:

Special Revenue Funds – are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Permanent Fund – are held in the custody of the Trustees of Trust Funds and are used to account for resources held in trust for use by the Town. These can include legal trusts for which the interest on the corpus provides funds for the Town’s cemetery operations.

All the governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements. The Town reports five nonmajor governmental funds.

Proprietary Fund Financial Statements -- Include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows for the major proprietary fund.

Proprietary funds are reported using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position, with the exception of the infrastructure capital assets and related accumulated depreciation, which have been partially omitted because they have not been inventoried at historical cost. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. As in the Statement of Net Position, the Town has not recorded depreciation expense related to its infrastructure assets that have not been inventoried in this statement.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The Town reports the following major proprietary fund:

Sewer Fund – accounts for the activities related to the operation of the sewer treatment plant, pumping station, and sewer lines.

Fiduciary Fund Financial Statements – Include a Statement of Net Position. The Town’s fiduciary fund is an agency fund, which is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. An agency fund is used to account for assets held on behalf of outside parties, including other governments. This fund is accounted for on a spending or “economic resources” measurement focus and the accrual basis of accounting as are the proprietary funds explained above.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

1-C Cash and Cash Equivalents

The Town considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Deposits with financial institutions consist primarily of demand deposits and savings accounts. A cash pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and cash equivalents."

The treasurer is required to deposit such moneys in solvent banks in state or the Public Deposit Investment Pool pursuant to New Hampshire RSA 383:22. Funds may be deposited in banks outside of the state if such banks pledge and deliver to a third party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations or obligations to the State of New Hampshire in value at least equal to the amount of the deposit in each case.

1-D Statement of Cash Flows

For purposes of the Statement of Cash Flows, the Town considers all highly liquid investments (including restricted assets) with a maturity when purchased of three months or less and all local government investment pools to be cash equivalents.

1-E Investments

State statutes place certain limitations on the nature of deposits and investments available as follows:

New Hampshire law authorizes the Town to invest in the following type of obligations:

- Obligations of the United States government,
- The public deposit investment pool established pursuant to RSA 383:22,
- Savings bank deposits,
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State treasurer.

Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the Town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

Fair Value Measurements of Investments – In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, except for investments measured using net asset value (NAV) as a practical expedient to estimate fair value, the Town categorizes the fair value measurements of its investments within the fair value hierarchy established by US GAAP. The fair value hierarchy categorizes the inputs to valuation techniques used for fair value measurement into three levels as follows:

Level 1 – Inputs reflect quoted prices (unadjusted) in active markets for identical assets or liabilities that the Town has the ability to access at the measurement date. Directly held marketable equity securities would be examples of Level 1 investments.

Level 2 – Inputs are other than quoted prices that are observable for the assets or liabilities, either directly or indirectly, including inputs in markets that are not considered to be active. Because they most often are priced on the basis of transactions involving similar but not identical securities or do not trade with sufficient frequency, certain directly held fixed income securities are categorized in Level 2. All of the Town's holdings in New Hampshire Public Deposit Investment Pool (NHPDIP), U.S. government obligations, and corporate bonds would be examples of Level 2 investments.

Level 3 – Inputs are significant unobservable inputs.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In certain instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, it is the level in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. Investments are reported at fair value. If an investment is held directly by the Town and an active market with quoted prices

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

exists, such as for domestic equity securities, the market price of an identical security is used to report fair value and is classified in Level 1. Corporate fixed income securities and certain governmental securities utilize pricing that may involve estimation using similar securities or trade dates and are classified in Level 2. Fair values for shares in registered mutual funds and exchange-traded funds are based on published share prices and classified in Level 1.

In determining fair value, the Town utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

Investments in Certain External Investment Pools – In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the Town held investments with the New Hampshire Public Deposit Investment Pool (NHPDIP) which are categorized as Level 2. The NHPDIP measures all of its investments at amortized cost. There are no redemption restrictions and shares may be redeemed by the Town in accordance with the NHPDIP’s Information Statement.

1-F Receivables

Receivables recorded in the financial statements represent amounts due to the Town at December 31. They are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. They consist primarily of taxes, billing for charges, and other user fees.

1-G Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

1-H Capital Assets

Capital assets include property, plant, and equipment and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), which are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The accounting and reporting treatment applied to capital assets associated with a fund are determined by the fund’s measurement focus. General capital assets are assets of the Town as a whole. When purchased, such assets are recorded as expenditures in a governmental fund and capitalized as assets in the government-wide Statement of Net Position. Capital assets of the proprietary fund are capitalized in the fund and the cost basis for proprietary fund capital assets is the same as that used for general capital assets. The Town has not capitalized all of its infrastructure capital assets as the Town has not determined the historical cost for the initial reporting of these assets.

Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are carried at historical cost or estimated historical cost. When the cost of the capital assets cannot be determined from available records, estimated historical cost is used. Donated capital assets received on or prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value.

The costs of normal maintenance and repairs are charged to operations as incurred. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital assets of the Town are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Capital Asset Classes:	
Land improvements	40
Buildings and building improvements	30 - 40
Machinery, equipment, and vehicles	5 - 40
Infrastructure	20 - 40

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

1-I Interfund Activities

Interfund activities are reported as follows:

Interfund Receivables and Payables – Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business activities are reported in the government-wide financial statements as “internal balances.” Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

Interfund Transfers – Interfund transfers represent flows of assets without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making the transfers and other financing sources in the funds receiving the transfers. In the government-wide financial statements, all interfund transfers between individual governmental funds have been eliminated.

1-J Property Taxes

Property tax billings occur semi-annually and are based on the assessed inventory values as of April 1 of each year in accordance with RSA 76:15-a, *Semi-Annual Collection of Taxes in certain Towns and Cities*. Warrants for the year were issued on May 14, 2018 and October 29, 2018, and were due on July 2, 2018 and December 3, 2018, respectively. Interest accrues at a rate of 12% on bills outstanding after the due date and 18% on tax liens outstanding.

In connection with the setting of the tax rate, Town officials with the approval of the Department of Revenue Administration, establish and raise through taxation an amount for tax abatement and refunds, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any reserve for uncollectable at year-end. The property taxes collected by the Town include taxes levied for the State of New Hampshire, Allenstown School District, and Merrimack County, which are remitted to these entities as required by law.

The Town net assessed valuation as of April 1, 2018 utilized in the setting of the tax rate was as follows:

For the New Hampshire education tax	\$ 283,161,071
For all other taxes	\$ 291,898,771

The tax rates and amounts assessed for the year ended December 31, 2018 were as follows:

	Per \$1,000 of Assessed Valuation	Property Taxes Assessed
Municipal portion	\$10.12	\$ 2,956,085
School portion:		
State of New Hampshire	\$2.10	593,446
Local	\$15.19	4,433,339
County portion	\$2.74	799,529
Total	\$30.15	\$ 8,782,399

1-K Accounts Payable

Accounts payable represent the gross amount of expenditures or expenses incurred as a result of normal operations, but for which no actual payment has yet been issued to vendors/providers as of December 31, 2018.

1-L Deferred Outflows/Inflows of Resources

Deferred outflows of resources, a separate financial statement element, represents a consumption of net position that applies to a future period(s) and thus will not be recognized as an outflow of resources (expense) until then.

Deferred inflows of resources, a separate financial statement element, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

1-M Long-term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term obligations are reported as liabilities in the governmental activities, business-type activities, or proprietary fund Statement of Net Position.

1-N Compensated Absences

The Town's policy allows certain employees to earn varying amounts of vacation based on the employee's length of employment. Upon separation from service, employees are paid in full for any accrued leave earned as set forth by personnel policy. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements.

1-O Defined Benefit Pension Plan

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* and GASB Statement No. 82 *Pension Issues – an amendment of GASB Statement No. 67, No. 68 and No.73* requires participating employers to recognize their proportionate share of collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, and schedules have been prepared to provide employers with their calculated proportionate share of these amounts. The collective amounts have been allocated based on employer contributions during the respective fiscal years. Contributions from employers are recognized when legally due, based on statutory requirements.

The schedules prepared by New Hampshire Retirement System, and audited by the plan's independent auditors, require management to make a number of estimates and assumptions related to the reported amounts. Due to the inherent nature and uncertainty of these estimates, actual results could differ, and the differences may be material.

1-P Postemployment Benefits Other Than Pensions

The Town maintains two separate other postemployment benefit plans (OPEB), as follows:

New Hampshire Retirement System Plan – For the purposes of measuring the total other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Hampshire Retirement System OPEB Plan (the plan) and additions to/deductions from the plan's fiduciary net position has been determined on the same basis as they are reported by the New Hampshire Retirement System. For this purpose, the plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Single Employer Plan – For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information has been determined based on the Town's actuarial report. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms.

1-Q Net Position/Fund Balances

Government-wide Statements – Equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any capital leases that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Results when constraints placed on net position use are either externally imposed by a third party (statutory, bond covenant, or granting agency) or are imposed by law through constitutional provisions or enabling legislation. The Town typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a further project.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Unrestricted net position – Consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

Fund Balance Classifications – GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, provides more clearly defined fund balance categories to make sure the nature and extent of the constraints placed on a government's fund balances are more transparent. The following classifications describe the relative strength of the spending constraints:

Nonspendable – Amounts that cannot be spent because they are either (a) not in spendable form (such as prepaid items); or (b) are legally or contractually required to be maintained intact.

Restricted – Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the legislative body (Town Meeting). These amounts cannot be used for any other purpose unless the legislative body removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts that are constrained by the Town's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Selectmen through the budgetary process.

Unassigned – Amounts that are available for any purpose. Positive amounts are reported only in the general fund.

When multiple net position/fund balance classifications are available for use, it is the government's policy to utilize the most restricted balances first, then the next most restricted balance as needed. When components of unrestricted fund balance are used, committed fund balance is depleted first followed by assigned fund balance. Unassigned fund balance is applied last.

The Town will maintain an appropriate level of unassigned fund balance following the guidelines established by the New Hampshire Government Finance Officers Association, which are as follows:

- 5% to 15% of regular general fund operating revenues, or
- 8% to 17% of regular general fund operating expenditures.

1-R Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the period reported. These estimates include assessing the collectability of accounts receivable and the useful lives and impairment of capital assets, among others. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

2-A Budgetary Information

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the general and sewer department funds. Except as reconciled below, the budget was adopted on a basis consistent with US generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the assigned fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets, but provide for the use of beginning unassigned fund balance to achieve that end. For the fiscal year 2018, \$56,000 of the beginning general fund unassigned fund balance was applied for this purpose and \$123,567 was voted from unassigned fund balance as a transfer to the capital reserve funds.

2-B Budgetary Reconciliation to GAAP Basis

The Town employs certain accounting principles for budgetary reporting purposes that differ from a GAAP basis. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budgetary Basis presents the actual results to provide a comparison with the budget. A major difference between the budgetary basis and GAAP basis is as follows:

Encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities but represent budgetary accounting controls. Governmental fund budgets are maintained on the modified accrual basis of accounting except that budgetary basis expenditures include purchase orders and commitments (encumbrances) for goods or services not received at year-end. Encumbrances are recorded to reserve a portion of fund balance in the governmental fund types for commitments for which no liability exists.

The following reconciles the general fund budgetary basis to the GAAP basis:

Revenues and other financing sources:	
Per Exhibit D (budgetary basis)	\$ 4,158,617
Adjustment:	
Basis difference:	
Inception of capital leases	122,712
GASB Statement No. 54:	
To record miscellaneous income of the blended funds	8,132
To eliminate transfers between blended expendable trust and general funds	123,567
To eliminate transfers between blended funds	(154,278)
Change in deferred tax revenue relating to 60-day revenue recognition recognized as revenue on the GAAP basis, but not on the budgetary basis	9,915
Per Exhibit C-3 (GAAP basis)	<u>\$ 4,268,665</u>
Expenditures:	
Per Exhibit D (budgetary basis)	\$ 4,015,476
Adjustment:	
Basis differences:	
Inception of capital leases	122,712
Encumbrances, beginning	21,399
Encumbrances, ending	(150,804)
GASB Statement No. 54:	
To record expenditures of the blended funds during the year	100,060
To eliminate transfers between general and blended funds	(154,278)
To recognize transfers out of the blended expendable trust funds	30,711
Per Exhibit C-3 (GAAP basis)	<u>\$ 3,985,276</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

2-C Accounting Change/Restatement

Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (OPEB), was implemented during fiscal year 2018. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with OPEB benefits, including additional note disclosure and required supplementary information. In addition, GASB Statement No. 75 requires a state or local government employer to use the entry age normal actuarial cost method and requires deferred outflows of resources and deferred inflows of resources which arise from other types of events related to OPEB to be recognized.

Beginning net position for governmental activities was restated to retroactively report the change in valuation of the beginning total OPEB liability, deferred inflows and outflows of resources, as follows:

Governmental Activities:

	Local OPEB	State OPEB	Total OPEB
Change in total OPEB liability under current standards, January 1	\$ (21,653)	\$ (230,183)	\$ (251,836)
Initial balance of deferred outflows of resources	-	19,885	19,885
Initial balance of deferred inflows of resources	-	(726)	(726)
Cumulative restatement related to GASB No. 75 implementation (see Note 18)	\$ (21,653)	\$ (211,024)	\$ (232,677)

Business-type Activities and Proprietary Fund - Sewer:

	Local OPEB	State OPEB	Total OPEB
Change in total OPEB liability under current standards, January 1	\$ (50,405)	\$ (4,320)	\$ (54,725)
Initial balance of deferred outflows of resources	-	535	535
Initial balance of deferred inflows of resources	-	(1,684)	(1,684)
Cumulative restatement related to GASB No. 75 implementation (see Note 18)	\$ (50,405)	\$ (5,469)	\$ (55,874)

DETAILED NOTES ON ALL FUNDS

NOTE 3 – CASH AND CASH EQUIVALENTS

The Town's deposits are entirely covered by federal depository insurance (FDIC) or by collateral held by the Town's agent in the Town's name. The FDIC currently insures the first \$250,000 of the Town's deposits at each financial institution, per case custodian. Deposit balances over \$250,000 are insured by the collateral. As of year-end, the carrying amount of the Town's deposits was \$6,776,601 and the bank balances totaled \$7,011,687. Petty cash totaled \$650.

NOTE 4 – INVESTMENTS

Note 1-E describes statutory requirements covering the investment of the Town funds. The Town holds investments that are measured at fair value on a recurring basis. Because investing is not a core part of the Town's mission, the Town determines that the disclosures related to these investments only need to be disaggregated by major type. The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

The Town has the following recurring fair value measurements and maturities as of December 31, 2018:

	Valuation	Fair Value	Less Than 1		Total
	Measurement Method		Year	1-5 Years	
Investments type:					
Corporate bonds	Level 2	\$ -	\$ 39,618	\$ 509,375	548,993
New Hampshire Public Deposit Investment Pool	Level 2	936	-	-	936
U.S. Government obligations	Level 2	-	257,608	752,909	1,010,517
Total fair value		<u>\$ 936</u>	<u>\$ 297,226</u>	<u>\$ 1,262,284</u>	<u>\$ 1,560,446</u>

Of the Town's total investments, only the \$936 is in custody of the Board of Selectmen. The remaining investments are held by the Town's Trustees of Trust Funds.

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Trustees of Trust Funds investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits investments as explained in Note 1-E. The Trustees of Trust Funds investment policy requires portfolio diversification as a means to control risk. Investments shall be investment grade, with not more than 10% of the portfolio invested in "BBB" securities. Additionally, the investment policy does not permit investments in securities issued in foreign markets. The Town's investment pool had the following credit risk structure:

Ratings per Moody's	Corporate	U.S.	Total
		Government Obligations	
Aaa	\$ 44,298	\$ 1,010,516	\$ 1,054,814
Aa1	33,843	-	33,843
Aa2	162,824	-	162,824
Aa3	19,154	-	19,154
A1	88,669	-	88,669
A2	121,990	-	121,990
A3	44,439	-	44,439
Baa1	33,777	-	33,777
	<u>\$ 548,994</u>	<u>\$ 1,010,516</u>	<u>\$ 1,559,510</u>

Custodial Credit Risk – This is the risk that in the event of the failure of the counterparty (e.g. broker/dealer) to honor a transaction, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Trustees of Trust Funds investment policy requires all investments assets to be held in a brokerage account for safekeeping, or other financial institutions that meet or exceed industry guidelines or insurance protection standards.

Concentration of Credit Risk – The Trustees of Trust Funds investment policy limits the amount it may invest in any one issuer to not more than 10% of the fund or \$10,000, whichever is greater, except for deposits in any federally or state chartered banks or associations authorized to engage in banking business in New Hampshire; credit unions in New Hampshire; obligations of the United States, the State of New Hampshire and its subdivisions; participation units in the public deposit investment pool established pursuant to RSA 383:22; or in shares of open ended mutual funds selected by the Trustees for investment under RSA 31:25. At December 31, 2018, the Town did not have more than 5% of the total investments in an single issuer.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Investment reconciliation:

Investments per Statement of Net Position (Exhibit A)	\$ 1,443,243
Investments per Statement of Net Position - Fiduciary Fund (Exhibit F)	117,203
Total investments	<u>\$ 1,560,446</u>

NOTE 5 – TAXES RECEIVABLE

Taxes receivable represent the amount of current and prior year taxes which have not been collected as of December 31, 2018. Taxes receivable by year are as follows:

	As reported on:	
	<u>Exhibit A</u>	<u>Exhibit C-1</u>
Property:		
Levy of 2018	\$ 440,767	\$ 440,767
Unredeemed (under tax lien):		
Levy of 2017	282,417	282,417
Levy of 2016	180,592	180,592
Levies of 2015 and prior	8,605	8,605
Less: allowance for estimated uncollectible taxes	(50,000) *	-
Net taxes receivable	<u>\$ 862,381</u>	<u>\$ 912,381</u>

*The allowance for uncollectible property taxes is not recognized under the modified accrual basis of accounting (Exhibit C-1 and C-3) due to the 60-day rule as explained in Note 1-B. However, the allowance is recognized under the full accrual basis of accounting (Exhibits A and B).

NOTE 6 – OTHER RECEIVABLES

Receivables at December 31, 2018, consisted of accounts (billings for police details, sewer, and other user charges) and intergovernmental amounts arising from grants. Receivables are recorded on the Town's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and collectability.

Receivables as of December 31, 2018 for the general fund, nonmajor funds in the aggregate, business-type activities, and proprietary fund, including applicable allowances for uncollectible accounts, are as follows:

	Governmental Funds		Business-type Activities	Total
	<u>General</u>	<u>Nonmajor</u>	<u>Proprietary Fund (Sewer Department)</u>	
Receivables:				
Accounts	\$ 29,653	\$ 1,885	\$ 284,249	\$ 315,787
Intergovernmental	10,400	-	-	10,400
Voluntary tax liens	17,288	-	-	17,288
Gross receivables	57,341	1,885	284,249	343,475
Less: allowance for uncollectibles	(17,288)	-	(20,000)	(37,288)
Net total receivables	<u>\$ 40,053</u>	<u>\$ 1,885</u>	<u>\$ 264,249</u>	<u>\$ 306,187</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

NOTE 7 – CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2018 is as follows:

	Balance, beginning	Additions	Deletions	Balance, ending
Governmental activities:				
At cost:				
Not being depreciated:				
Land*	\$ 2,661,945	\$ -	\$ -	\$ 2,661,945
Being depreciated:				
Buildings and building improvements	3,191,849	-	-	3,191,849
Machinery, equipment, and vehicles	3,212,438	122,713	-	3,335,151
Infrastructure	-	191,184	-	191,184
Total capital assets being depreciated	6,404,287	313,897	-	6,718,184
Total all capital assets	9,066,232	313,897	-	9,380,129
Less accumulated depreciation:				
Buildings and building improvements	(626,073)	(77,802)	-	(703,875)
Machinery, equipment, and vehicles	(2,227,701)	(175,704)	-	(2,403,405)
Infrastructure	-	(6,373)	-	(6,373)
Total accumulated depreciation	(2,853,774)	(259,879)	-	(3,113,653)
Net book value, capital assets being depreciated	3,550,513	54,018	-	3,604,531
Net book value, all governmental activities capital assets	\$ 6,212,458	\$ 54,018	\$ -	\$ 6,266,476

*Included in the total balance is \$1,533,435 of land located in a flood plain, which the Town acquired through a Federal Flood Mitigation Assistance Grant. As the land was acquired to ensure the safety of the public as well as to enhance flood plains capacity, it has been recorded at assessment value rather than acquisition cost. GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, mandates that "capital assets that will no longer be used by the government should be reported at the lower of carrying value or fair value."

	Balance, beginning	Additions	Deletions	Balance, ending
Business-type activities:				
At cost:				
Not being depreciated:				
Land	\$ 25,962	\$ -	\$ -	\$ 25,962
Construction in progress	16,991	130,466	-	147,457
Total capital assets not being depreciated	42,953	130,466	-	173,419
Being depreciated:				
Land improvements	125,230	-	-	125,230

Machinery, equipment, and vehicles	2,220,105	-	-	2,220,105
Infrastructure	3,823,800	-	-	3,823,800
Total capital assets being depreciated	7,621,536	15,870	-	7,637,406
Total all capital assets	7,664,489	146,336	-	7,810,825
Less accumulated depreciation:				
Land improvements	(125,230)	-	-	(125,230)
Buildings and building improvements	(737,814)	(25,576)	-	(763,390)
Machinery, equipment, and vehicles	(1,173,507)	(116,465)	-	(1,289,972)
Infrastructure	(1,739,440)	(63,607)	-	(1,803,047)
Total accumulated depreciation	(3,775,991)	(205,648)	-	(3,981,639)
Net book value, capital assets being depreciated	3,845,545	(189,778)	-	3,655,767
Net book value, all business-type activities capital assets	\$ 3,888,498	\$ (59,312)	\$ -	\$ 3,829,186

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Depreciation expense was charged to functions of the Town based on their usage of the related assets. The amounts allocated to each function are as follows:

Governmental activities:		
General government	\$	4,113
Public safety		119,005
Highways and streets		81,237
Culture and recreation		55,524
Total depreciation expense	<u>\$</u>	<u>259,879</u>
 Business-type activities:		
Sewer	<u>\$</u>	<u>205,648</u>

NOTE 8 – INTERFUND/INTERNAL BALANCES AND TRANSFERS

Interfund/Internal Balances - The composition of interfund/internal balances as of December 31, 2018 is as follows:

Receivable Fund	Payable Fund	Amount
General	Sewer department	\$ 98,420
General	Nonmajor	51,051
		<u>\$ 149,471</u>

The outstanding balances among funds result mainly from the time lag between the dates that (1) interfund/internal goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund Transfers - Interfund transfers for the year ended December 31, 2018 consisted of \$23,097 from the nonmajor funds to the general fund.

During the year, transfers are used to (1) move revenues from the fund with collection authority to the fund responsible for expenditure and (2) move general fund resources to provide an annual subsidy.

NOTE 9 – INTERGOVERNMENTAL PAYABLES

Amounts due to other governments of \$2,773,029 at December 31, 2018 consist of the following:

Governmental fund:		
General:		
Balance of the 2018-2019 district assessment due to the Allenstown School District	\$	2,651,785
Miscellaneous fees due to the State of New Hampshire		4,015
Fees due to other governments		26
Total governmental fund		<u>2,655,826</u>
Fiduciary fund:		
Agency:		
Balance of trust funds belonging to the Allenstown School District		<u>117,203</u>
Total intergovernmental payables due	<u>\$</u>	<u>2,773,029</u>

AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

NOTE 10 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources of at December 31, 2018 consist of the following:

Governmental activities:	
Amounts related to pensions (see Note 13)	\$ 471,633
Amounts related to other postemployment benefits (see Note 14)	31,394
Total governmental activities	<u>503,027</u>
Business-type activities:	
Enterprise fund:	
Sewer department:	
Amounts related to pensions (see Note 13)	114,592
Amounts related to other postemployment benefits (see Note 14)	4,939
Total sewer department	<u>119,531</u>
Total deferred outflows of resources	<u>\$ 622,558</u>

Deferred inflows of resources are as follows:

	<u>Exhibit A</u>	<u>Exhibit C-1</u>
Governmental activities:		
Property taxes levied prior to their due date	\$ 16,554	\$ 277,481
Amounts related to pensions (see Note 13)	88,201	-
Amounts related to other postemployment benefits (see Note 14)	800	-
Total governmental activities	<u>\$ 105,555</u>	<u>\$ 277,481</u>
Business-type activities:		
Enterprise fund:		
Sewer department:		
Amounts related to pensions (see Note 13)	393,452	
Amounts related to other postemployment benefits (see Note 14)	1,137	
Total sewer department	<u>394,589</u>	
Total deferred outflows of resources	<u>\$ 500,144</u>	

NOTE 11 – CAPITAL LEASE OBLIGATIONS

The Town has entered into certain capital lease agreements under which the related equipment will become the property of the Town when all the terms of the lease agreements are met.

	<u>Standard Interest Rate</u>	<u>Present Value of Remaining Payments as of December 31, 2018</u>
Governmental activities:		
Capital lease obligations:		
Fire truck	2.96%	\$ 160,825
Police vehicle	3.29%	11,274
Ford F-550 dump truck	3.99%	50,908
Ford Explorer Interceptor	4.89%	19,391
Total capital lease obligations		<u>\$ 242,398</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Leased equipment under capital leases, included in capital assets, is as follows:

	Governmental Activities
Equipment:	
Fire truck	\$ 240,319
Police vehicle	33,000
Ford F-550 dump truck	92,908
Ford Explorer Interceptor	29,805
Total equipment	<u>396,032</u>
Less: accumulated depreciation	<u>(148,733)</u>
Total capital lease equipment	<u>\$ 247,299</u>

The annual requirements to amortize the capital leases payable as of December 31, 2018, including interest payments, are as follows:

Fiscal Year Ending December 31,	Governmental Activities
2019	\$ 133,122
2020	<u>121,399</u>
Total requirements	254,521
Less: interest	<u>(12,123)</u>
Present value of remaining payments	<u>\$ 242,398</u>

Amortization of lease equipment under capital assets is included with depreciation expense.

NOTE 12 – LONG-TERM LIABILITIES

Changes in the Town's long-term liabilities consisted of the following for the year ended December 31, 2018:

	Balance January 1, 2018 (as restated)	Additions	Reductions	Balance December 31, 2018	Due Within One Year
Governmental activities:					
Capital leases	\$ 335,831	\$ 122,712	\$ (216,145)	\$ 242,398	\$ 124,934
Compensated absences	114,837	4,308	(40,809)	78,336	8,465
Accrued landfill postclosure care costs	143,000	14,500	-	157,500	6,300
Net pension liability	3,150,539	-	(741,505)	2,409,034	-
Net other postemployment benefits	545,437	-	(148,617)	396,820	-
Total long-term liabilities	<u>\$ 4,289,644</u>	<u>\$ 141,520</u>	<u>\$ (1,147,076)</u>	<u>\$ 3,284,088</u>	<u>\$ 139,699</u>
Business-type activities:

Net pension liability	263,551	390,006	-	653,557	-
Net other postemployment benefits	54,725	36,764	-	91,489	-
Total long-term liabilities	<u>\$ 318,276</u>	<u>\$ 435,810</u>	<u>\$ -</u>	<u>\$ 754,086</u>	<u>\$ 815</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Bonds/Notes Authorized and Unissued – Bonds and notes authorized and unissued as of December 31, 2018 were as follows:

Per Town Meeting Vote of	Purpose	Unissued Amount
March 10, 2015	Wastewater collection and treatment	\$ 10,458
March 14, 2017	Suncook Pond wastewater pump station	1,616,000
March 14, 2017	Asset management system	10
		<u>\$ 1,626,468</u>

At the March 14, 2017 annual meeting, the voters authorized \$30,000 of bonds or notes to be used for an asset management system for the Sewer Fund. The appropriations for this loan are offset by a Clean Water State Revolving Funds (CWSRF) loan which includes up to 100% principal forgiveness. During 2018, the Town spent \$29,990 of the appropriation, resulting in \$10 remaining authorized/unissued. The \$29,990 was reimbursed through a CWSRF loan which was immediately forgiven, and is reported in the Sewer Fund as intergovernmental revenues.

Accrued Landfill Postclosure Care Costs – The Town ceased operating its landfill in past years. State laws and regulations require that the Town perform certain maintenance and monitoring functions at the landfill site after closure. A liability is being recognized based on the future postclosure care costs that will be incurred. The estimated liability for landfill postclosure care costs has a balance of \$157,500, which is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31, 2018. However, the actual cost of postclosure care may be higher or lower due to inflation, changes in technology, or changes in landfill laws and regulations.

The Town has established a capital reserve fund for landfill postclosure care costs. This fund had a balance of \$14,669 at year-end.

NOTE 13 – DEFINED BENEFIT PENSION PLAN

Plan Description – The New Hampshire Retirement System (NHRS or the System) is a public employee retirement system that administers one cost-sharing multiple-employer defined benefit pension plan (Pension Plan), a component unit of the State of New Hampshire, as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans* – an amendment of GASB Statement No. 25. The Pension Plan was established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The Pension Plan is a contributory, defined benefit plan providing service, disability, death, and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters, and permanent police officers within the State are eligible and required to participate in the Pension Plan. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

Benefits Provided – The Pension Plan is divided into two membership groups. State and local employees and teachers belong to Group I. Police and firefighters belong to Group II. All assets are held in a single trust and available to pay retirement benefits to all members.

Group I members at age 60 or 65 (for members who commence service after July 1, 2011) qualify for a normal service retirement allowance based on years of creditable service and average final salary for the highest of either three or five years, depending on when their service commenced. The yearly pension amount is 1/60 or 1.667% of average final compensation (AFC) multiplied by years of creditable service. At age 65, the yearly pension amount is recalculated at 1/66 or 1.515% of AFC multiplied by years of creditable service.

Group II members who are age 60, or members who are at least age 45 with at least 20 years of creditable service, can receive a retirement allowance at a rate of 2.5% of AFC for each year of creditable service, not to exceed 40 years. Members commencing service on or after July 1, 2011 or members who have nonvested status as of January 1, 2012 can receive a retirement allowance at age 52.5 with 25 years of service or age 60. The benefit shall be equal to 2% of AFC times creditable service up to 42.5 years. However, a member who commenced service on or after July 1, 2011 shall not receive a retirement allowance until attaining the

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

age of 52.5, but may receive a reduced allowance after age 50 if the member has at least 25 years of creditable service where the allowance shall be reduced, for each month by which the member attains 52.5 years of age by $\frac{1}{4}$ of 1% or age 60.

Members of both groups may qualify for vested deferred allowances, disability allowances, and death benefit allowances, subject to meeting various eligibility requirements. Benefits are based on AFC or earnable compensation and/or service.

Contributions - The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees are required to contribute 7% of earnable compensation. For fiscal year 2018, the Town contributed 25.33% for police officers, 27.79% for firefighters, and 11.08% for other employees. The contribution requirements for the fiscal year 2018 were \$232,328 for governmental activities and \$35,534 for business-type activities, which were paid in full.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At December 31, 2018 the Town reported a liability of \$2,409,034 in the governmental activities and a liability of \$653,557 in the business-type activities for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town’s proportion of the net pension liability was based on a projection of the Town’s long-term share of contributions to the pension plan relative to the projected contributions of all participating towns and school districts, actuarially determined. At June 30, 2018, the Town’s proportion was 0.05% in the governmental activities and 0.01% in the business-type activities. This was a decrease of 0.01% in the governmental activities from its proportion measured as of June 30, 2017, while there was no change in the business-type activities.

For the year ended December 31, 2018, the Town recognized pension expense of \$(372,162) in the governmental activities and \$467,637 in the business-type activities. At December 31, 2018 the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in proportion	\$ 169,135	\$ 12,948	\$ 46,489	\$ 373,036
Changes in assumptions	166,717	-	45,229	-
Net difference between projected and actual investment earnings on pension plan investments	-	55,747	-	15,124
Differences between expected and actual experience	19,228	19,506	5,217	5,292
Contributions subsequent to the measurement date	<u>116,553</u>	<u>-</u>	<u>17,657</u>	<u>-</u>
Total	<u>\$ 471,633</u>	<u>\$ 88,201</u>	<u>\$ 114,592</u>	<u>\$ 393,452</u>

The \$116,553 in the governmental activities and \$17,657 in the business-type activities reported as deferred outflows of resources related to pensions results from the Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending December 31.</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2019	\$ 159,012	\$ (69,614)
2020	128,012	(74,423)
2021	(8,296)	(110,098)
2022	<u>(11,849)</u>	<u>(42,382)</u>
Totals	<u>\$ 266,879</u>	<u>\$ (296,517)</u>

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Actuarial Assumptions – The collective total pension liability was determined by a roll forward of the actuarial valuation as of June 30, 2017, using the following actuarial assumptions which, accordingly apply to 2018 measurements:

Inflation:	2.5%
Salary increases:	5.6% average, including inflation
Wage inflation	3.25%
Investment rate of return:	7.25% net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 employee generational mortality tables for males and females, adjusted for mortality improvements using Scale MP-2015, based on last experience study.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2010 – June 30, 2015.

Long-term Rates of Return – The long-term expected rate of return on pension plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. Following is a table presenting target allocations and long-term rates of return for 2018:

Asset Class	Target Allocation	Weighted average long-term expected real rate of return <u>2018</u>
Large Cap Equities	22.50%	4.25%
Small/Mid Cap Equities	7.50%	4.50%
Total domestic equity	<u>30.00%</u>	
Int'l Equities (unhedged)	13.00%	4.50%
Emerging Int'l Equities	7.00%	6.00%
Total international equity	<u>20.00%</u>	
Core Bonds	4.50%	0.50%
Short Duration	2.50%	(0.25%)
Global Multi-Sector Fixed Income	11.00%	1.80%
Absolute Return Fixed Income	7.00%	1.14%
Total fixed income	<u>25.00%</u>	
Private equity	5.00%	6.25%
Private debt	5.00%	4.25%
Opportunistic	5.00%	2.15%
Total alternative investments	<u>15.00%</u>	
Real estate	10.00%	3.25%
Total	<u>100.00%</u>	

Discount Rate – The discount rate used to measure the collective total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the Pension Plan's actuarial funding policy as required by RSA 100-A:16. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on Pension Plan investment was applied to all periods of projected benefit payments to determine the collective total pension liability.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following table presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.25% as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

Actuarial Valuation Date	1% Decrease 6.25%	Current Single Rate Assumption 7.25%	1% Increase 8.25%
Governmental activities:			
June 30, 2018	\$ 3,205,239	\$ 2,409,034	\$ 1,741,790
Business-type activities:			
June 30, 2018	\$ 869,563	\$ 653,557	\$ 472,537

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit Pension Plan financial report.

NOTE 14 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

14-A New Hampshire Retirement System (NHRS)

Plan Description – The New Hampshire Retirement System (NHRS or the System) administers a cost-sharing multiple-employer other postemployment benefit plan medical subsidy healthcare plan (OPEB Plan). For additional system information, please refer to the 2018 Comprehensive Annual Financial Report, which can be found on the system's website at www.nhrs.org.

Benefits Provide - Benefit amounts and eligibility requirements for the OPEB Plan are set by state law (RSA 100-A:52, RSA 100-A:52-a and RSA 100-A:52-b), and members are designated in statute by type. The four membership types are Group II, Police Officers and Firefighters; Group I, Teachers; Group I, Political Subdivision Employees; and Group I, State Employees. The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical insurance subsidy is a payment made by NHRS to the former employer or its insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certified dependent children with a disability who are living in the household and being cared for by the retiree. If the health insurance premium amount is less than the medical subsidy amount, then only the health insurance premium amount will be paid. If the health insurance premium amount exceeds the medical subsidy amount, then the retiree or other qualified person is responsible for paying any portion that the employer does not pay.

Group I benefits are based on creditable service, age and retirement date. Group II benefits are based on hire date, age and creditable service. The OPEB plan is closed to new entrants.

Maximum medical subsidy rates paid during fiscal year 2018 were as follows:

For qualified retirees not eligible for Medicare, the amounts were \$375.56 for a single-person plan and \$751.12 for a two-person plan.

For those qualified retirees eligible for Medicare, the amounts were \$236.84 for a single-person plan and \$473.68 for a two-person plan.

Contributions – The OPEB Plan is funded by allocating to the 401(h) subtrust the lesser of: 25% of all employer contributions made in accordance with RSA 100-A:16, or the percentage of employer contributions determined by the actuary to be the minimum rate necessary to maintain the benefits provided under RSA 100-A:53-b, RSA 100-A:53-c, and RSA 100-A:53-d. For fiscal year 2018, the minimum rates determined by the actuary to maintain benefits were the lesser of the two options and were used to determine the employer contributions due to the 401(h) subtrust. The State Legislature has the authority to establish, amend and discontinue the contribution requirements of the OPEB Plan. Administrative costs are allocated to the OPEB Plan based on fund balances. For fiscal year 2018, the Town contributed 4.10% for police and fire, and 0.30% for other employees. The contribution requirements for the fiscal year 2018 were \$29,911 for governmental activities and \$962 for business-type activities, which were paid in full.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – At December 31, 2018, the Town reported liabilities of \$251,716 in the governmental activities and \$68,289 in the business-type activities for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Town’s proportion of the net OPEB liability was based on a projection of the Town’s long-term share of contributions to the OPEB plan relative to the projected contributions of all participating towns and school districts, actuarially determined. At June 30, 2018, the Town’s proportion was 0.06% in the governmental activities and 0.01% in the business-type activities. This was an increase of 0.02% in the governmental activities from its proportion measured as of June 30, 2017, while there was no change in the business-type activities.

For the year ended December 31, 2018, the Town recognized OPEB expense of \$10,098 in the governmental activities and \$59,018 in the business-type activities. At December 31, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Governmental Activities		Business-type Activities	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in proportion	\$ 14,966	\$ -	\$ 4,060	\$ 920
Net difference between projected and actual investment earnings on OPEB plan investments	-	800	-	217
Differences between expected and actual experience	1,477	-	401	-
Contributions subsequent to the measurement date	14,951	-	478	-
Total	<u>\$ 31,394</u>	<u>\$ 800</u>	<u>\$ 4,939</u>	<u>\$ 1,137</u>

The \$14,951 in the governmental activities and \$478 in the business-type activities reported as deferred outflows of resources related to OPEB results from the Town contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending December 31,	Governmental Activities	Business-type Activities
2019	\$ 16,194	\$ 3,473
2020	(249)	(68)
2021	(249)	(68)
2022	(53)	(13)
Totals	<u>\$ 15,643</u>	<u>\$ 3,324</u>

Actuarial Assumptions – The total OPEB liability in this report is based on an actuarial valuation performed as of June 30, 2018 and a measurement date of June 30, 2017. The total OPEB liability was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Price inflation:	2.5% per year
Wage inflation:	3.25% per year
Salary increases:	5.6% average, including inflation
Investment rate of return:	7.25% net of OPEB plan investment expense, including inflation
Health care trend rate:	Not applicable, given that the benefits are fixed stipends

Mortality rates were based on the RP-2014 healthy annuitant and employee generational mortality tables for males and females with credibility adjustments, adjusted for fully generational mortality improvements using Scale MP-2015, based on last experience study.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2010 – June 30, 2015.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Long-term Rates of Return – The long-term expected rate of return on OPEB plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. Following is a table presenting target allocations and long-term rates of return for 2018:

Asset Class	Target Allocation	Weighted average long-term expected real rate of return 2018
Large Cap Equities	22.50%	4.25%
Small/Mid Cap Equities	7.50%	4.50%
Total domestic equity	30.00%	
Int'l Equities (unhedged)	13.00%	4.50%
Emerging Int'l Equities	7.00%	6.00%
Total international equity	20.00%	
Core Bonds	4.50%	0.50%
Short Duration	2.50%	(0.25%)
Global Multi-Sector Fixed Income	11.00%	1.80%
Absolute Return Fixed Income	7.00%	1.14%
Total fixed income	25.00%	
Private equity	5.00%	6.25%
Private debt	5.00%	4.25%
Opportunistic	5.00%	2.15%
Total alternative investments	15.00%	
Real estate	10.00%	3.25%
Total	100.00%	

Discount Rate – The discount rate used to measure the total OPEB liability as of June 30, 2018 was 7.25%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made under the current statute RSA 100-A:16 and that plan member contributions will be made under RSA 100-A:16. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the collective total OPEB liability.

Sensitivity of the Town's Proportionate Share of the OPEB Liability to Changes in the Discount Rate – The following table presents the Town's proportionate share of the OPEB liability calculated using the discount rate of 7.25% as well as what the Town's proportionate share of the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

Actuarial Valuation Date	1% Decrease 6.25%	Current Single Rate Assumption 7.25%	1% Increase 8.25%
Governmental activities:			
June 30, 2018	\$ 261,987	\$ 251,716	\$ 222,944
Business-type activities:			
June 30, 2018	\$ 71,075	\$ 68,289	\$ 60,484

Sensitivity of the Town's Proportionate Share of the OPEB Liability to Changes in the Healthcare Cost Trend Assumption – GASB No. 75 requires the sensitivity of the OPEB liability to the healthcare cost trend assumption. Since the medical subsidy benefits are fixed stipends, there is no sensitivity to changes in the healthcare cost trend assumption.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

OPEB Plan Fiduciary Net Position – Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit OPEB Plan financial report.

14-B Town of Allenstown Retiree Health Benefit Program

Plan Description – GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, requires governments to account for other postemployment benefits (OPEB) on an accrual basis, rather than on a pay-as-you-go basis. The effect is the recognition of an actuarially determined expense on the Statement of Activities when a future retiree earns their postemployment benefits, rather than when they use their postemployment benefit. The postemployment benefit liability is recognized on the Statement of Net Position over time.

Benefits Provided – The Town provides postemployment healthcare benefits for certain eligible retirees. The Town provides medical benefits to its eligible retirees. The benefits are provided through the New Hampshire Inter-Local Trust.

Employees Covered by Benefit Terms – At December 31, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	1
Active employees	21
Total participants covered by OPEB plan	22

Total OPEB Liability – The Town’s total OPEB liability of \$145,104 in the governmental activities and \$23,200 in the business-type activities was measured as of December 31, 2018, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs – The total OPEB liability of \$145,104 in the governmental activities and \$23,200 in the business-type activities in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate:	4.1%
Healthcare Cost Trend Rates:	
Current Year Trend	8.0%
Second Year Trend	8.0%
Decrement	0.5%
Ultimate Trend	4.5%
Year Ultimate Trend is Reached	2026

The discount rate was based on the index provided by *Bond Buyer 20-Bond General Obligation Index* based on the 20-year AA municipal bond rate as of December 31, 2018.

Mortality rates were based on the RPH-2018 Total Dataset Mortality Table fully generational using Scale MP-2018.

Changes in the Total OPEB Liability

	Governmental Activities	Business-type Activities
OPEB liability beginning of year	\$ 315,254	\$ 50,405
Changes for the year:		
Service cost	20,871	3,337
Interest	11,291	1,805
Assumption changes and difference between actual and expected experience	(186,376)	(29,799)
Benefit payments	(15,936)	(2,548)
OPEB liability end of year	\$ 145,104	\$ 23,200

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Sensitivity of the Town's OPEB Liability to Changes in the Discount Rate – The December 31, 2018 actuarial valuation was prepared using a discount rate of 4.1%. If the discount rate were 1% lower than what was used, the OPEB liability would increase to \$154,214, or by 6.3%, in the governmental activities and \$24,657, or by 6.3%, in the business-type activities. If the discount rate were 1% higher than what was used, the OPEB liability would decrease to \$136,837, or by 5.7%, in the governmental activities and \$21,878, or by 5.7%, in the business-type activities

	Discount Rate		
	1% Decrease	Baseline 4.1%	1% Increase
Governmental Activities:			
Total OPEB Liability	\$ 154,214	\$ 145,104	\$ 136,837
Business-type Activities:			
Total OPEB Liability	\$ 24,657	\$ 23,200	\$ 21,878

Sensitivity of the Town's OPEB Liability to Changes in the Healthcare Cost Trend Rates – The December 31, 2018 actuarial valuation was prepared using an initial trend rate of 8.0% decreasing in decrements to an ultimate rate of 4.5%. If the trend rate were 1% lower than what was used, the OPEB liability would decrease to \$134,892, or by 7.0%, in the governmental activities, and \$21,567, or by 7.0% , in the business-type activities. If the trend rate were 1% higher than what was used the OPEB liability would increase to \$157,053, or by 8.2%, in the governmental activities, and \$25,111, or by 8.2% , in the business-type activities.

	Healthcare Cost Trend Rates		
	1% Decrease 7.0% Year 1 Decreasing to 3.5%	Baseline 8.0% Year 1 Decreasing to 4.5%	1% Increase 9.0% Year 1 Decreasing to 5.5%
Governmental Activities:			
Total OPEB Liability	\$ 134,892	\$ 145,104	\$ 157,053
Business-type Activities:			
Total OPEB Liability	\$ 21,567	\$ 23,200	\$ 25,111

OPEB Expense – For the year ended December 31, 2018, the Town recognized OPEB expense of \$(170,150) in the governmental activities and \$(27,205) in the business-type activities.

NOTE 15 – COMMITMENTS/ENCUMBRANCES

The Town has entered into construction contracts totaling \$166,150 related to the Suncook Pond Wastewater Pump Station. As of December 31, 2018, the remaining unpaid balance of these contracts was \$51,832.

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at December 31, 2018 and are as follows:

General fund:	
General government	\$ 6,000
Highways and streets	144,804
Total encumbrances	<u>\$ 150,804</u>

NOTE 18 – PRIOR PERIOD ADJUSTMENT

Net position at January 1, 2018 was restated to give retroactive effect to the following prior period adjustments:

	Governmental Activities	Business-type Activities	Sewer Fund
To restate for the cumulative changes related to implementation of GASB No. 75, see Note 2-C	\$ (232,677)	\$ (55,874)	\$ (55,874)
Net position, as previously reported	5,648,044	6,102,102	6,102,102
Net position, as restated	<u>\$ 5,415,367</u>	<u>\$ 6,046,228</u>	<u>\$ 6,046,228</u>

NOTE 19 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2018, the Town was a member of the New Hampshire Public Risk Management Exchange (Primex³) Workers' Compensation and Property/Liability programs.

The New Hampshire Public Risk Management Exchange (Primex³) Workers' Compensation and Property/Liability programs are pooled risk management programs under RSAs 5-B and 281-A. Coverage was provided from January 1, 2018 to December 31, 2018 by Primex³, which retained \$1,000,000 of each workers' compensation loss, \$500,000 of each liability loss, and \$200,000 of each property loss. The Board has decided to self-insure the aggregate exposure and has allocated funds based on actuarial analysis for that purpose. The workers' compensation section of the self-insurance membership agreement permits Primex³ to make additional assessments to members should there be a deficiency in contributions for any member year, not to exceed the member's annual contribution. GASB Statement No. 10 requires members of a pool with a sharing risk to disclose if such an assessment is probable, and a reasonable estimate of the amount, if any. At this time, Primex³ foresees no likelihood of any additional assessment for this or any prior year.

The Town continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 20 – CONTINGENT LIABILITIES

There are various legal claims and suits pending against the Town which arose in the normal course of the government's activities. In the opinion of management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the Town.

The Town participates in various federal grant programs, the principal of which are subject to program compliance audits pursuant to the Single Audit Act as amended. Accordingly, the government's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the government anticipates such amounts, if any, will be immaterial.

NOTE 21 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date, but before the financial statements are issued. Recognized subsequent events are events or transactions that provided additional evidence about conditions that existed at the balance sheet date, including the estimates inherent in the process of preparing the financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the balance sheet date, but arose after the date. Management has evaluated subsequent events through October 11, 2019, the date the December 31, 2018 financial statements were available to be issued, and has identified the following subsequent events:

At the March 12, 2019 Annual Town Meeting, voters approved eleven warrant articles totaling \$151,932 to be funded through the use of available unassigned fund balance as of December 31, 2018. The voters also authorized the issuance of not more than \$30,000 of bonds or notes for the purpose of performing asset management for the Town's storm water collection system and Public Works Department.

***Schedule of the Town's Proportionate Share of Net Pension Liability and
Schedule of Town Contributions - Pensions***

As required by GASB Statement No. 68, and as amended by GASB Statement No. 71, Exhibits G and H represent the actuarial determined costs associated with the Town's pension plan at December 31, 2018. These schedules are presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

Methods and Assumptions Used to Determine Contribution Rates for Fiscal Year 2018:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage-of-Payroll, Closed
Remaining Amortization Period	21 years beginning July 1, 2018 (30 years beginning July 1, 2009)
Asset Valuation Method	5-year smooth market for funding purposes
Price Inflation	2.5% per year
Wage Inflation	3.25% per year
Salary Increases	5.6% Average, including inflation
Municipal Bond Rate	3.62% per year
Investment Rate of Return	7.25% per year, net of investment expenses, including inflation
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2015 valuation pursuant to an experience study of the period 2010-2015.
Mortality	RP-2014 Employee generational mortality table for males and females, adjusted for mortality improvements using Scale MP -2015, based in the last experience study.

Other Information:

Notes	Contribution rates for fiscal year 2018 were determined based on the benefit changes adopted under House Bill No. 2 as amended by 011-2513-CofC.

Municipal Bond Rate	3.62% per year
Investment Rate of Return	7.25% per year, net of OPEB plan investment expense, including inflation for determining solvency contributions
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2015 valuation pursuant to an experience study of the period 2010-2015.
Mortality	RP-2014 Healthy Annuitant and Employee generational mortality tables for males and females with credibility adjustments, adjusted for fully generational mortality improvements using Scale MP-2015, based on the last experience study.

Schedule of Changes in Town’s Total Other Postemployment Benefits Liability and Related Ratios

As required by GASB Statement No. 75, Exhibit K represents the actuarial determined costs associated with the Town’s other postemployment benefits at December 31, 2018. The schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

Methods and Assumptions:

Measurement Date	For fiscal year ending December 31, 2018 measurement date was used.
Actuarial Valuation Date	December 31, 2018 with no adjustments to the December 31, 2018 measurement date. Liabilities as of January 1, 2018 are based on an actuarial valuation date of January 1, 2018 with no adjustments to get to the January 1, 2018 measurement date.

TOWN OF ALLENSTOWN, NEW HAMPSHIRE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION –
OTHER POSTEMPLOYMENT BENEFIT LIABILITY
FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Discount Rate 3.44 % as of January 1, 2018 and 4.11% as of December 31, 2018.

YOS	General	Police/Fire
1	10.00%	22.00%
5	1.50%	3.75%
10+	0.50%	1.00%

Salary Scale 3.25 % for general wage inflation (2.50% for general inflation and 0.75% for real wage inflation) plus merit and productivity increases which are based on those used in the New Hampshire Retirement System (NHRS) actuarial valuation as of June 30, 2017. Sample annual salary increases for merit and productivity are as shown below:

Inflation Rate 2.50% per year.

Employer Funding Policy Pay-as-you-go cash basis.

Census Data Census information was provided by the Town in April 2019.

Cost Method Allocation of actuarial present value of future benefits for services prior and after the measurement date was determined using entry age normal level % of salary method were:

- Service cost for each individual participant, payable from date of employment to date of retirement, is sufficient to pay for the participant’s benefit at retirement; and
- Annual service cost is a constant percentage of the participant’s salary that is assumed to increase according to the payroll growth.

Health Care Coverage Election Rate Active employees with current coverage: 40%
Active employees with no coverage: 0%

Spousal Coverage Actual spousal coverage for active employees and retirees are based on actual data. Husbands are assumed to be three years older than wives for future retirees. Actual spouse’s ages are used for current retirees.

Mortality RPH-2018 Total Dataset Mortality Table fully generational using Scale MP-2018 (RPH-2018 table is created based on RPH-2014 Total Dataset Mortality Table with 8 years of MP-2014 mortality improvement based out, projected to 2018 using MP-2018 improvement.

Medical Trend Rates

FYE	Rates	FYE	Rates

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION –
OTHER POSTEMPLOYMENT BENEFIT LIABILITY
FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2018

Turnover Rate

Assumption used to project terminations (voluntary and involuntary) prior to meeting minimum retirement eligibility for retiree health coverage. The rates represent the probability of termination in the next 12 months. Rates are based on NHRS Actuarial Valuation as of June 30, 2017. Sample rates are shown below:

YOS	Age	General		Police	
		Male	Female	Male	Female
0		23.0%	30.0%	25.0%	30.0%
1		20.0%	22.0%	15.0%	20.0%
2	All ages	15.0%	16.0%	10.0%	13.0%
3		12.0%	12.0%	7.0%	11.5%
4		10.0%	8.0%	5.0%	10.0%
5+	25	7.2%	7.2%	5.9%	5.9%
	35	5.0%	5.0%	4.1%	4.1%
	45	5.0%	5.0%	2.8%	2.8%
	55	3.6%	3.6%	2.0%	2.0%

Retirement Rate

Each general employee is assumed to retire at age 61 or upon meeting the minimum age/service requirement, whichever is later. If the employee is currently over the age of 61 and has met the minimum service requirement, then they are assumed to retire immediately.

Each public safety employee is assumed to retire at 58 or upon meeting the minimum age/service requirement, whichever is later. If the employee is currently over the age of 58 and has met the minimum service requirement, then they are assumed to retire immediately.

Per Capita Costs

Annual per capita costs were calculated based on the Town's monthly premium rates effective on January 1, 2019 actuarially increased using health index factors and current enrollment. Annual per capita costs are as shown below. The costs are assumed to increase with health care trend rates.

Age	Per Capita
<65	\$ 15,122
65+	N/A

Explicit Subsidy

The difference between (a) the premium rate and (b) the retiree contribution. Below is an example of the monthly explicit subsidies for a pre-65 future retiree.

	Premium Rate ³		
	A	B	C = A - B
Retiree	\$ 634.85	\$ 634.85	\$ -
Spouse	\$ 634.85	\$ 634.85	\$ -

Implicit Subsidy

The difference between (a) the per capita cost and (b) the premium rate. Below is an example of the monthly implicit subsidies for a pre-65 future retiree with his/her spouse of the same age.

	Premium Rate ³		
	A	B	C = A - B
Retiree	\$ 1,260.17	\$ 634.85	\$ 625.32
Spouse	\$ 1,260.17	\$ 634.85	\$ 625.32
