2018 YARD WASTE COLLECTION SCHEDULE

The Allenstown Highway Department has established a schedule for the collection of yard waste.

Yard waste must be separated from trash. Never sweep yard waste into the street. It can slow street sweeping equipment and clog critical storm drain inlets.

To receive collection service, place yard waste at the street-edge of your property, without blocking sidewalks or access to your recycling cart or trash carts, by 7 AM of your collection day. Acceptable methods of placement are:

- **Bags** (biodegradable paper only; plastic bags will not be picked up)
- **Bundles** (no more than 3 feet long and 2 feet in diameter; ties should be biodegradable, not metal or plastic)

Please keep in mind the following limitations:

- **Size Limit** -- No individual branch or stump greater than 3 inches in diameter or 3 feet in length will be collected. (This restriction does not apply to Christmas trees during the January collection period.)
- **Weight Limit** -- No individual bag, barrel or bundle exceeding 40 pounds will be serviced.

The Highway Dept. will pick up yard waste at the curbside on **Mondays** from **April 9th** through **May 23rd, 2018** each week. During the summer and through to **November 5th, 2018** yard waste will be collected twice per month on the following dates;

June 4th and 18th
July 9th and 23rd
August 6th and 20th
September 10th and 24th
October 15th and 29th
November 5th

The Highway Dept. will collect longer branches at curbside on **Mondays** from **April 9th** through **May 23rd, 2018** only as long as the diameter of the branch is no more than 3 inches. Please place the butt end of the branch toward the street.

Residents can bring yard waste to the transfer station during the scheduled hours of operation which is Tuesdays and Thursdays from 7 AM to 10 AM and Saturday's from 8 AM to Noon. If residents have any questions or concerns please do not hesitate to contact RA Ronnie Pelissier at the number above.
