# Petition to the Town of Allenstown Board of Selectmen and Town Manager

Petition summary and background: The taxpaying property owners residing on Dawn Avenue respectfully request town services paid for through our taxes, specifically snow removal (plowing) and garbage pickup from our respective properties, be provided.  
Action petitioned for: We, the undersigned, are concerned citizens who urge our leaders to act now to provide the above listed services and present the following supporting reasons:

- 1.) Lack of snow removal could hinder emergency response vehicles and potentially delay the delivery of life saving services such as EMS and Fire.
- 2.) Lack of snow removal could also hinder service vehicles and the delivery of needed products and services such as propane and fuel oil.
- 3.) Moving heavy trash cans, even models with wheels, hundreds of feet can be physically challenging and even dangerous for some. Other homeowners enjoy pickup of their trash cans in close proximity to their properties; we believe it a reasonable expectation that we receive the same service.
- 4.) In summation, we, the taxpaying property owners residing on Dawn Avenue, believe we should receive the same courtesies and town services as other Allenstown tax payers.
