Dear Friends,

Thank you for reaching out to me with your views regarding the federal tax exemption for interest earned from municipal bonds. I agree that municipal bonds provide critical funding for infrastructure projects in New Hampshire communities, support job creation, and enhance middle class opportunity. Nationally, these bonds have funded more than \$1.65 trillion in infrastructure investments over the last decade, helping to finance the construction of schools, hospitals, airports, water and sewer lines, public utilities, roads, and other projects.

I support maintaining the tax exempt status of municipal bonds. As your Representative, I am committed to sensible tax reform that simplifies the tax code, closes loopholes, and preserves incentives for essential priorities like charitable giving, home ownership, education, and investments in municipal infrastructure. Thank you again for sharing your thoughts with me and for everything you do to make our state such a wonderful place to live.

Sincerely,

A handwritten signature in black ink that reads "Ann McLane Kuster". The signature is fluid and cursive.

Ann McLane Kuster
Member of Congress
