**Re: Termination of Certain New Hampshire Service Agreement(s) with Agera and Return to Utility Service in New Hampshire**

Dear Valued Customer:

We would like to notify you that Agera Energy, LLC and energy.me midwest llc d/b/a energy.me (collectively "Agera") have commenced chapter 11 bankruptcy cases.

We are providing you with this notice that certain service contract(s) you have with Agera in New Hampshire that are listed on the attached "Terminated Contract List" will be terminated as soon as possible (the "Terminated Contract(s)"). Agera will no longer provide natural gas and/or electric service under the Terminated Contract(s) and your account(s) associated with the Terminated Contract(s) will be returned to the utility. We expect that your account(s) associated with the Terminated Contract(s) will be returned to the utility at least thirty (30) to sixty (60) days following the date of this notice to receive service from your utility company unless you enroll with an alternative supplier, no later than ten business days before such date for gas and no later than two business days before such date for electric. Service may be returned to the utility sooner or later in some circumstances depending on a number of factors, including the action of your local utility.

**If you have other contracts with Agera that are not listed in the attached Terminated Contract List, those contracts and related accounts are not affected by this notice and will continue to be served by Agera until such time as you receive a separate notice from Agera regarding the treatment of those contracts. No action is required for any contracts or accounts that are not listed in the attached Terminated Contract List.**

Upon termination of service under the Terminated Contract(s), you will receive default service from your utility company in accordance with the applicable rates and terms of the utility company's natural gas or electric tariff unless you enroll to receive service from a new competitive natural gas or electric power supplier for the account(s) associated with the Terminated Contract(s). Until commencement of default service with your utility company, your Terminated Contract(s) with Agera will continue in effect, and you will continue to receive natural gas or electric service at the rate that applies under your service contract. You will be responsible for payment of service provided during this period of time in accordance with any bills or invoices from Agera or your utility company.

Please be assured that there will be no interruptions in your natural gas and/or electric service as a result of the transfer to the utility company. You do not need to take any action for this switch to receive default service from the utility company.

If you have any questions regarding this notice, please call us at 877-273-7276 between 8:30 a.m. and 5:30 p.m. EST or contact us by email at [customercare@ageraenergy.com](mailto:customercare@ageraenergy.com).

Sincerely,

Agera Customer Care Team
