Derik Goodine
Town of Allenstown
16 School Street
Allenstown, NH 03275

Dear Mr. Goodine,

I am providing written notification to the town to advise the selectman and planning board of our plans to redevelop the former "family picnic area" on Deerfield Road at Bear Brook State Park as an eight site camping area to serve campers who have horses.

Project Overview:

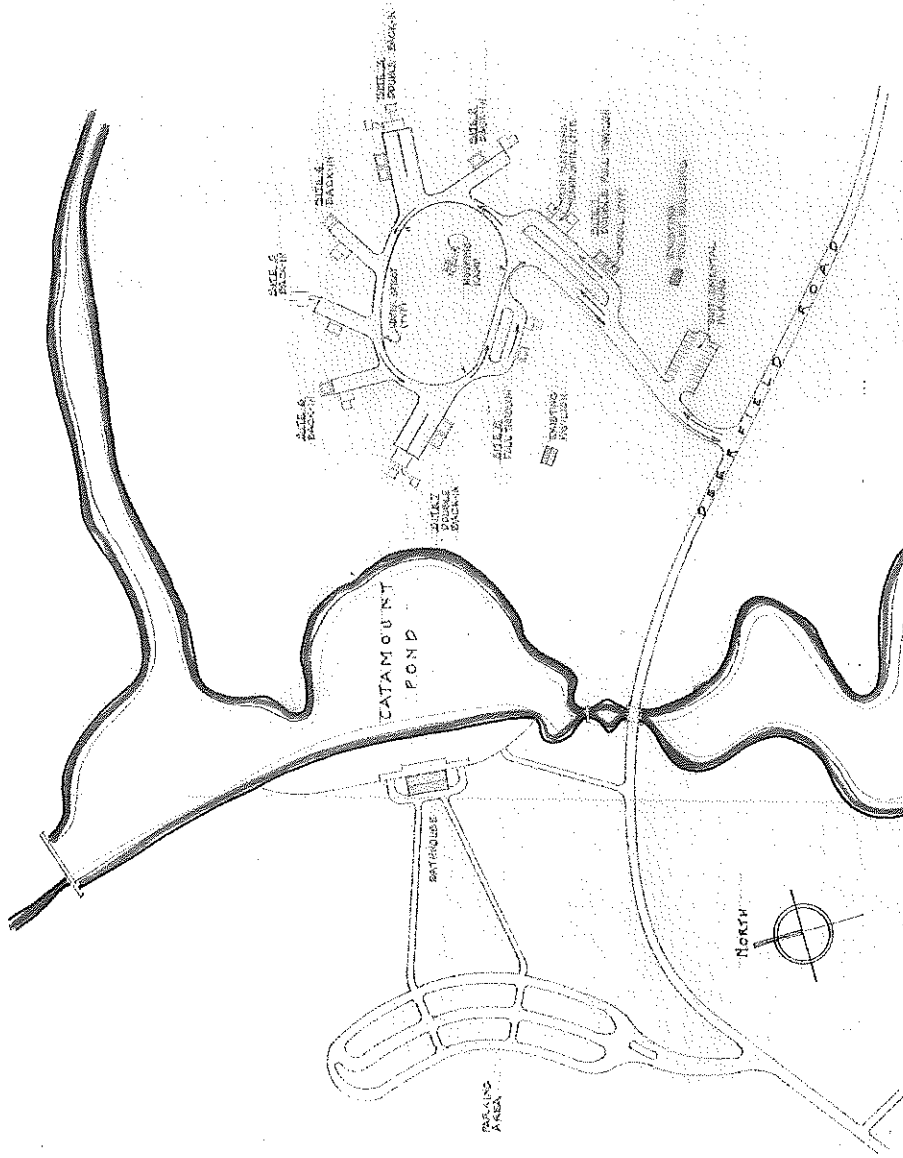

1. No new buildings will be constructed; this project will use the existing infrastructure, toilet building and shelter.
2. New construction consists of a connector trail, camping area access road and campsites.
3. West parking lot entrance will be access to the camping area. Improvements in turning radius and drainage are being discussed with NH DOT.
4. East parking lot entrance will be discontinued.
5. Some parking spaces will remain in the parking lot for campground use.
6. Construction is expected to begin this spring and will be done with Division staff.

Please contact Johanna Lyons, State Park Planning and Development Specialist, 271-3935 or Johanna.Lyons@dncr.nh.gov if you have any questions or would like a presentation.

Sincerely,

A handwritten signature in black ink, appearing to read "Philip A. Bryce".
