Town Administrator

The Office of the Town Administrator consists of the position of Town Administrator and the Administrative Assistant. The Town Administrator is the chief administrative officer for the Board of Selectmen and is responsible for duties assigned by them. The Town Administrator coordinates, directs, and plans the workflow of the administrative functions of the Town and oversees the overall operation of the Town; manages the office of the Board of Selectmen; and acts as liaison between and establishes effective working relationships with and among all elected officials, boards, commissions, departments, committees, employees, and the public.

The Town Administrator has authority over and is responsible for the Assessing Department, Building/Code Enforcement, Tax Collector, Welfare, and all other applicable Town Administrative Staff. Provides input to the Board of Selectmen in selecting, disciplining, and evaluating the performance of all Town employees.
