Durable Design: Radarsign's built for purpose design is the most vandal resistant radar speed sign on the market today.

- > Heavy-duty aircraft aluminum housing with an armored 3/8" thick Bashplate™ and 1/4" Makrolon® polycarbonate cover provide superior protection to the internal components of the radar speed sign from external force and weather.
- > Beveled design of the armored Bashplate™ protects LEDs and internal components from damage by dissipating force inflicted on the sign.

Exceptional Visibility: 13" full matrix LED display with directional beam technology delivers a superior quality display for drivers, even in bright sunlight. Radarsign's proprietary design serves as a cone, magnifying the intensity of the light, and pinpoints it directly to the view of approaching drivers. Easily readable up to 600 feet.

Flashing Speed/Message Alert Choices

- > Speed Alert choices: Slow flash of actual speed; Fast flash of actual speed; *SLOW DOWN* message; *TOO FAST* message; Simulated camera flash (optional)
