

**TASK ORDER No. GC019-02**  
GENERAL ENGINEERING SERVICES

---

Client: Town of Allenstown, New Hampshire

Task Description: **REVIEW STORMWATER/DRAINAGE ELEMENTS OF DEVELOPMENT SITE PLAN FOR CASELLA WASTE MANAGEMENT – MAP 105, LOT 38. ALLENSTOWN, NEW HAMPSHIRE**

Task Fee: \$ 2,500.00 (Actual Cost)

Date: July 10, 2019

---

**SCOPE OF SERVICES:**

The applicant (Casella Waste Management) has submitted an application, site plans and related documents to the Town of Allenstown for proposed drainage improvements on Map 105/Lot 38 in Allenstown. The site is located at 104 River Road within the Commercial Industrial Zone. The applicant is proposing to construct drainage improvements for the purpose of managing stormwater. This effort requires coordination with the Central New Hampshire Regional Planning Commission (CNHRPC), the Town of Allenstown Planning Department, and the Allenstown Town Administrator.

The purpose of this Task Order is to provide for Hoyle Tanner to assist the Town of Allenstown by reviewing the stormwater/drainage elements of the application and site plan referenced above. Hoyle, Tanner will not review other aspects of the site plans and related documents (other than stormwater and stormwater-related elements) unless specifically requested to do so by the Client. We may offer comments on other non-stormwater aspects of the plans if they raise significant concerns for us. Based on the information furnished to date, Hoyle, Tanner proposes to complete the review of the site plan, including drawings, reports, calculations and other relevant documentation, for this project for an amount not to exceed \$ 2,500.00. This sum will be given to the Town of Allenstown by the Applicant to be placed into an escrow fund for payment of Hoyle, Tanner's services by the Town under this Task Order. Billing will be at actual cost based on the actual cost of labor (at standard billing rates) and expenses completed.

Attachments: (none)

Reference: Hoyle Tanner Project No. ( 013704.52 )
