

Customer Name: Town of Allenstown	Date: 2/26/2024	
Contact (name & number): Chad Pelissier <u>highway@allenstc</u>	ownnh.gov 603-485-5460	
Job Name: Allenstown 2024	Certified: Y/ N	

ITEM	EST QTY	PRICE
Pave 1.5" top with tack	510 TON	\$83.45/TON
Shim if required with tack on keyways**	UNK	\$83.45/TON
Prep keyways to include clean up**	UNK	\$10.00/LF
**Estimated Cost		\$42,559.50

- Quote valid for 20 days
- Work done after October 15th cannot be guaranteed by Advanced and will be done only at the customers' risk. Raveling, compaction, adhesion to existing asphalt, roller marks, imperfect joints are a few of the problems that may occur during cold weather paving.
- Traffic control and sweeping by others unless specified otherwise
- Any decrease in the scope of work performed can result in a proportional increase in the unit price for this contract.
- Total cost is based on the units in place, the quantities provided are approximate.
- Pricing for this project is based on weekday, daylight work. Weekend or nighttime work can result in a different pricing structure.
- Terms: Net cash 30 days upon completion and receipt of invoice.
- All work is subject to mobilization charge based on quantity.
 Escalation Clause: Pricing in place based on current NHDOT posting for liquid asphalt. Adjustment to be made if required based on NHDOT Road and Bridge Specifications. Current price of Liquid Asphalt is \$662.50
