The Town of Allenstown is asking for citizens to participate in the planning process for the future of the downtown area. This is called a Charrette. The Charrette will be facilitated by Plan NH, a non-profit group which assists communities in developing plans for the future.

This is a two day event beginning on Friday, Sept. 30th and completing on Saturday, October 1st, 2016. Citizens and business owners are asked to participate in the listening sessions and work sessions to help develop the vision and plan for what the future of the downtown area will be.

Once a plan is developed the work can begin to upgrade housing, streets & infrastructure and business opportunities.

What constitutes Downtown Allenstown? The area west of Rt. 3 between the Hooksett and Pembroke Town lines and East of the Merrimack River.

We need you, yes you to volunteer!

This is your opportunity to participate in the future of Allenstown. If you are willing to give a few hours of your time please contact Town Administrator Shaun Mulholland. We need to plan for meals for those who wish to participate.

- Enhanced Housing
- Economic Development
- Improved Infrastructure
- Quality of Life
- Preserve History
- Build the Future
